Auditor's Review Report

To the Shareholders of TT & T Public Company Limited:

(Formerly: Thai Telephone & Telecommunication Public Company Limited)

I have reviewed the consolidated balance sheet of TT & T Public Company Limited and subsidiaries as at June 30, 2002, the related consolidated statements of income for each of the three-month and six-month periods ended June 30, 2002, changes in shareholders' equity and cash flows for the six-month period ended June 30, 2002, and the financial statements of TT & T Public Company Limited for the same period. The Company's management is responsible for the correctness and completeness of information presented in these financial statements. My responsibility is to issue a report on these financial statements based on my review.

I conducted my review in accordance with the standard on auditing applicable to review engagements. This standard requires that I plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit in accordance with generally accepted auditing standards. I have not performed an audit and, accordingly, I do not express an audit opinion.

Based on my review, nothing has come to my attention that causes me to believe that the accompanying financial statements are not presented fairly, in all material respects, in accordance with generally accepted accounting principles.

I draw attention to Notes 1, 2, 10 and 15 to the financial statements, which state about the following:

1) Although various plans have been undertaken by the Company's management with regard to the debt restructuring with the major creditors, the restructuring of investment in the subsidiary company, search for investors, increase in share capital, etc.; however, the operations of the Company in complying with the conditions of the various contracts, may continue to be affected by the economic conditions in Thailand and Asia Pacific in general. The said uncertainties may continue affecting the operations of the Company. The ability to continue the business depends on the economic recovery as well as the success of the various plans, which the Company's management are undertaking. The financial statements do not include the adjustments concerning the value or the amount of assets which can be converted into cash, and the reclassification of liabilities if necessary, should the Company fail to take action as planned. Furthermore, the Company is conducting negotiations with a creditor who has made a debt restructuring by converting to the Company's common shares, in order to conclude a debt repayment contract which might effect the reduction in cost of telephone services expansion project transferred to TOT.

KPMG

2) As discussed in Note 10 to the financial statements in the fourth quarter of 2001 and the

first quarter of 2002, the Company had over recorded the income from TOT, amounting to approximately Baht

42.12 million and Baht 51.25 million respectively, the resulting in the loss for the fourth quarter of 2001 being

understated amounting to approximately Baht 42.12 million and the profit for the first quarter of 2002 being

overstated amounting to approximately Baht 51.25 million. As the economy price for the long distance call

service does not cover the mobile phone call service fee and does not include the service fee charged to TOT,

which the Company has investigated and reported to TOT. The Company has made adjustments to the beginning

balance of deficit as at January 1, 2002 and the profit for the first quarter of 2002 to correct the errors made.

3) As discussed in Note 15 to the financial statements, on March 26, 2002, the Company had

novated the debt in relation to the Sale and Purchase by Installment Agreement of Public Phones from TT&T

Value Added Service Co., Ltd. (a subsidiary company), at it's book value of Baht 108.3 million (approximately

USD 2.4 million). The Company, on March 29, 2002, had received a transfer of all assets of this particular

subsidiary at the book value of approximately Baht 575 million as per conditions stipulated in the agreement

dated on the Business Transfer Date (March 29, 2002) and in complying with the Resolution of the Extraordinary

Meeting of Shareholders held on February 20, 2002 as well as the Resolution of Board of Directors Meeting on

March 20, 2002. The Company had adopted the use of the generally accepted accounting standards in the U.S.A.

- APB No.16 Interpretation 39 entitled "Transfers and Exchanges Between Companies Under Common Control."

The consolidated financial statements of TT&T Public Company Limited and the subsidiaries

and the separate financial statements of the Company, before being restated deficit as at the beginning of period

in the amount of Baht 42.12 million as discussed in Note 10 to the financial statements, for the year ended

December 31, 2001 were audited by another auditor whose report dated February 12, 2002, expressed an

unqualified opinion on those financial statements with an emphasis on the uncertainty of the economic situation.

The balance sheet as at December 31, 2001, presented herein for comparative purposes, is part of such audited

financial statements. Furthermore, the consolidated financial statements of TT&T Public Company Limited and

subsidiaries and the separate financial statements of the Company for the three-month and six-month period

ended June 30, 2001 were reviewed by another auditor whose report dated August 2, 2001, expressed that nothing

has come to her attention that causes her to believe that the accompanying financial statements are not presented

fairly, in all material respects, in accordance with generally accepted accounting principles and emphasis on the going concerned matter. The consolidated statements of income, change in shareholders' equity and cash flows,

presented herein for comparative purpose, are part of such financial statements.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2002

(UNAUDITED)

NOTE 1 - ECONOMIC ENVIRONMENT AND BASIS OF FINANCIAL STATEMENT PRESENTATION

The accompanying interim financial statements have been presented in accordance with the Accounting Standards No.

41, entitled "Interim Financial Reporting" by selecting the presentation of the interim financial statements in a

summarized form. However, there is an extension on the presentation of balance sheet, statement of income, changes

in shareholders' equity and cash flows, according to the Notification of the Department of Commercial Registration

dated September 14, 2001, issued under the Accounting Act B.E. 2543 and in conformity with generally accepted

accounting principles practiced in Thailand, including additional disclosure as specified according to the Notification

of Securities and Exchange Commission and regulation of Stock Exchange of Thailand.

The interim financial report is intended to provide an update on the financial statements for the year ended December

31, 2001. It focuses on provision of updated information on new activities, events and circumstances. To avoid

repetition of information previously reported, these interim financial statements should be read in conjunction with the

financial statements for the year ended December 31, 2001.

As required by Thai law and regulatory requirements, the Company's financial statements have been prepared in the

Thai language. They have been translated into English for the convenience of the reader.

The consolidated interim financial statements include the accounts of TT&T Public Company Limited ("the

Company") (Formerly Thai Telephone & Telecommunication Public Company Limited) and its subsidiaries (TT & T

Subscriber Services Co., Ltd. and TT & T Value Added Service Co., Ltd.), 99.993% and 99.999% (directly hold

66.66% and indirectly hold 33.33%) owned by the Company, respectively. Such subsidiaries were established on

September 7, 1993 and October 20, 1994, respectively. TT & T Subscriber Services Co., Ltd. engages in the sale of

telephone equipment and installation to the subscribers and installation of dropwire to TT&T Public Company Limited

while TT & T Value Added Service Co., Ltd. engages in the cable TV business including installation and maintenance

services. In 1997, the management resolved to cease project of the cable TV business and change to do the public

telephone business in provincial area instead.

Significant intercompany transactions with the subsidiaries have been eliminated in the consolidated interim financial

statements.

11

The Company's operations have been affected significantly, and may continue to be affected for the foreseeable future, by the country's unstable economy caused by the currency volatility in the Asia Pacific region. The Company is in the public utilities business that needs large capital investment and loans to import equipment for this project. The volatility in Baht currency and the slowdown in the economic growth in Thailand caused the Company difficulty in repaying some portion of loans due within the third quarter of 1998. The Company incurred a net profit of Baht 1,081 million for the six-month period ended June 30, 2002. The Company and subsidiaries incurred a net profit of Baht 1,081 million for the six-month period ended June 30, 2002. However, management believes that the going concern basis of preparation the financial statements is appropriate because the Company succeeded in debt restructuring with financial creditors and major creditors and also believes that the Company will succeed in debt restructuring with the remaining creditors. Nevertheless, the economic situation is uncertain and may have an effect on the Company's success in future operations and generating sufficient cash flows from operations to meet conditions under the agreements related to debt restructuring. The ultimate outcome of this matter cannot presently be determined. The accompanying financial statements reflect management's current assessments of the impact to date of the economic situation on the financial position of the Company. Actual results could differ from the management's current assessments and such differences could be material.

Management believes that the going concern basis of presentation is appropriate based upon its debts restructuring. Also the Company has certain countermeasures such as increasing telephone services income as well as value added services income especially on data communication and internet related services, by concentration on a marketing strategy in order to increase subscribed lines, especially for the business sector, and reducing operating expenses, etc. The accompanying financial statements have been prepared assuming that the Company and subsidiaries will continue as a going concern and, the Company succeeded in debt restructuring with major creditors and presumes that the Company will succeed in debt restructuring with the remaining creditors and can comply with the conditions defined in the agreements related to debt restructuring. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount and classification of liabilities that might result should the Company and subsidiaries be unable to continue as a going concern.

NOTE 2 - GENERAL INFORMATION AND PROGRESS OF OPERATIONS

TT&T Public Company Limited was registered on June 29, 1992 for the purpose of joint-undertaking of and investment in the expansion project of telephone service with The Telephone Organization of Thailand (TOT) in the provincial areas including the installation of 1.5 million telephone lines. The Company started its commercial operations relating to the agreement in October 1993. The Company was registered as a public company on January 27, 1994. The principal shareholders are Jasmine International Public Company Limited, Jasmine Telecom System Co., Ltd., Nippon Telegraph and Telephone West Corporation and Loxley Public Company Limited.

Presently, the Company's head office is located at 252/30 Muang Thai-Phatra Complex Tower 1, Floor 24, Ratchadaphisek Road, Huaykwang, Bangkok 10320. As at June 30, 2002 and 2001, the Company had 3,193 employees and 3,286 employees, respectively. The employee costs for the sixth-month periods ended June 30, 2002 and 2001 amounted to approximately Baht 378 million and Baht 416 million, respectively.

At present, the process of amendment to the principles of concession conversion is under way in order to be more practical. Therefore, no negotiation with related government agencies has been carried on to date.

On February 20, 2002, the Extraordinary Shareholders Meeting approved the Company's name change to "TT & T Public Company Limited" in which the registration of such name change to the Ministry of Commerce was made on February 22, 2002.

NOTE 3 - SIGNIFICANT ACCOUNTING POLICIES

The interim financial statements have been prepared in accordance with the accounting standards issued by The Institute of Certified Accountants and Auditors of Thailand. The significant accounting policies used to prepare the interim financial statements for the six-month ended June 30, 2002 are consistent with those used to prepare the financial statements for the year ended December 31, 2001.

NOTE 4 - RELATED PARTY TRANSACTIONS

The Company has certain transactions with its related companies. A portion of the Company's assets, liabilities, revenues and expenses arose from transactions with said related companies. These companies are related through common shareholdings and/or directorships.

The Company entered into purchase and installation equipment agreements in Telephone Services Expansion Project of 1.5 million numbers with various related companies. Under the terms of the agreements, the related companies will supply and install the equipment in the system including providing extra services relating to the investment project of 1.5 million numbers. The prices are made through a bidding process and will be used as reference prices in the next pricing.

The Company entered into car and equipment leasing contracts with a subsidiary company to provide the fault complaint reception and dropwire maintenance services. The rental fee is Baht 7.4 million per month.

The Company entered into service and consultancy service agreements with two subsidiary companies. The Company will provide technical assistance and financial, legal and marketing consultancy services to such related companies. Under the terms of the agreements, the Company will receive the service fees at the total amount of Baht 3 million per month. During the second quarter, the Company has stopped to provide the services and consulting to a subsidiary. Therefore, the service fee has reduced to Baht 2 million per month.

Significant outstanding balances of receivable from and payable to related companies, which were separately presented in balance sheets as at June 30, 2002 and December 31, 2001, are as follows:

NOTE 5 - RECEIVABLE FROM TELEPHONE ORGANIZATION OF THAILAND

As at June 30, 2002 and December 31, 2001, the telephone service subscriber receivables that the Company has billed and not billed to TOT and considered as problem accounts, classified by their aging of overdue balances, are as follows:

	In Million Baht		
	2002	2001	
Over 3 months to 6 months	26.3	23.0	
Over 6 months to 12 months	17.0	20.2	
Over 12 months	81.9	<u>_79.7</u>	
Total	<u>125.2</u>	<u>122.9</u>	

As at June 30, 2002 and December 31, 2001, the Company provided allowances for the doubtful receivables of approximately Baht 138.5 million and Baht 138.0 million, respectively. The management believes that the provision is adequate for the possible loss from uncollectible amounts. Furthermore, in the year 2001, subscribers are required to make a deposit of Baht 3,000 per line. In case of uncollectible amounts, TOT can offset the unpaid balance against such deposit. Besides, the Company has certain means to accelerate the collection including the issuance of legal notices to follow-up the long outstanding balances and referring the cases to Legal Division of TOT.

NOTE 6 - INVESTMENTS IN SUBSIDIARY COMPANIES - At Equity Method

As at June 30, 2002 and December 31, 2001, the investments in subsidiary companies consisted of:

The Company Only (In Million Baht)

	Cost N	Cost Method		Equity Method	
	2002	2001	2002	2001	
TT & T Subscriber Services Co., Ltd.	10	10	140	123

Pursuant to the Extraordinary Shareholders Meeting No. 1/2545 dated March 13, 2002, TT & T Value Added Service Company Limited announced its interim dividend payment to all shareholders at the rate of Baht 20.52 per share for its total 15 million shares. Total dividend payment shall be totaling Baht 307.8 million.

NOTE 7 - INVESTMENTS IN TELEPHONE SERVICES EXPANSION PROJECT

As at June 30, 2002 and December 31, 2001, the outstanding balance of investments in Telephone Services Expansion Project was in the process of verifying the accuracy of such accounting balance for transferring to TOT under the term of the Concession Agreement.

NOTE 8 - COST OF TELEPHONE SERVICES EXPANSION PROJECT TRANSFERRED

TO TELEPHONE ORGANIZATION OF THAILAND

This account represents amounts being transferred from the accounts "Investments in Telephone Services Expansion Project" and "Deferred Project Cost" based on apportioning the telephone numbers being accepted by Telephone Organization of Thailand (TOT). These are amortized over the remaining period of the Concession Agreement with TOT (up to June 2019) commencing from the dates on which the assets or the ownership are transferred.

TOT has already accepted the total telephone network equipment of 1.5 million numbers in the second quarter of 1998. However, some transactions in investments in telephone services expansion project have not been transferred from the accounts "Investments in Telephone Services Expansion Project" to "Cost of Telephone Service Expansion Project Transferred to Telephone Organization of Thailand" amounting to Baht 1.29 million, as at June 30, 2002 and as at December 31, 2001. These results in the amortization of such "Cost of Telephone Service Expansion Project Transferred to Telephone Organization of Thailand" having not yet been done.

NOTE 9 - ACCOUNTS PAYABLE

As at June 30, 2002 and December 31, 2001, the Company has outstanding balances payable to a state enterprise for acquiring equipment amounting to Baht 817 million. The Company has not yet received invoices from such payable but recorded in the account based on the Company's method of estimation. To handle this issue, the Company incorporated it into the rehabilitation plan, which was approved by the creditors and the Bankruptcy Court. Nevertheless, it involved a great deal of details for investigation; the Company is now working under control of the Official Receiver.

Since the creditor banks have suspended drawdowns from the available facilities, the Company consequently was unable to pay for the equipment and installation of telephone network to its suppliers. Therefore, the Company has negotiated and agreed with some equipment suppliers for further deferred payment with interest accruing in the accrued interest expense account. These payables bear interest, which is accrued in the account of accrued interest expense. For the accounts payable of major equipment suppliers, the accrued interest rates were calculated according to those stated in the loan agreements which the Company has entered with the banks for financing the equipment. For the accounts payable of some contractors, the accrued interest was based on the Minimum Loan Rate (MLR) plus agreed premium or discount. This resulted in interest rates of 5% - 11.6% per annum. The starting dates for interest calculation will depend on agreement between the Company and each supplier or contractor. Nevertheless, in accordance with the signing of debts restructuring agreements on June 29, 2001 as well as the occurrence of Closing Date on September 3, 2001, the outstanding payable including accrued interest expenses have been partially paid, converted liabilities to share and arranged to long term loans on the Closing Date pursuant to the debts.

NOTE 10 - FUNDAMENTAL ERROR

In the fourth quarter of 2001 and the first quarter of 2002, the Company had over recorded the income from TOT, amounting to approximately Baht 42.12 million and Baht 51.25 million respectively, the resulting in the loss for the fourth quarter of 2001 being understated amounting to approximately Baht 42.12 million and the profit for the first quarter of 2002 being overstated amounting to approximately Baht 51.25 million. As the economy price for the long distance call service (T-Tel) does not cover the mobile phone call service fee and does not include the service fee charged to TOT, which the Company has investigated and reported to TOT. The Company has made adjustments to the beginning balance of deficit as at January 1, 2002 and the profit for the first quarter of 2002 to correct the errors made. The impact to the basic earnings (loss) per share for 2001 and the first quarter of 2002 is as follows:

	(Amount : Baht)		
	For the year 2001	For the first quarter of 2002	
Net profit (loss) before extraordinary item and adjustment entry	(1.21)	0.11	
Adjustment entry	(0.03)	(0.02)	
Extraordinary item	0.96		
Net profit (loss)	(0.28)	<u>0.09</u>	

NOTE 11 - WARRANTS

15,000	May 10, 2002
835	June 6, 2002
400	July 8, 2002

NOTE 12 - ASSETS USED AS COLLATERAL

As at June 30, 2002 and December 31, 2001, the Company's current accounts, savings accounts, fixed deposit accounts, and short-term investments in promissory notes amounting to Baht 1,686 million and Baht 1,248 million respectively, have been pledged as collaterals to all creditors. The Company has the obligations under the Debt Restructuring Agreement for utilizing the money which the creditor's approval is needed to authorize the annual budget.

NOTE 13 - SEGMENT INFORMATION

The Company was registered for the purpose of joint-undertaking of investment in the expansion project of telephone services with the Telephone Organization of Thailand in the provincial areas including the installation of the telephone number. The management considers the operations as one business and the operation of the subsidiaries are in connection with the Company's business in servicing to the telephone subscribers with the types of the operation complement each other. For this reason, the management considers this as one segment of operation. In addition, in terms of areas of services and marketing areas, the management also considers as one segment of operation because the Company and subsidiaries operate only in the Kingdom of Thailand.

NOTE 14 - COMMITMENT AND CONTINGENT LIABILITIES

- 14.1 As at June 30, 2002, the Company was contingently liable to a local bank for letters of guarantee issued by the said bank in favor of other government units amounting to approximately Baht 58 million. The letters of guarantee covered the guarantee for the Company's compliance with the provision of the agreements.
 - As at December 31, 2001, the Company was contingently liable to two local banks for letters of guarantee issued by said banks in favor of TOT amounting to approximately Baht 250 million. The letters of guarantee covered the guarantee for the Company's compliance with the provision of the agreements for joint operation and investment in the expansion project of the telephone services. In second quarter of 2002, the Company has received the letters of guarantee amounting to Baht 250 million from TOT.
- 14.2 A subsidiary entered into purchase agreement for additional public telephone sets with a local company-totaling USD 11.1 million (included air freight). As at March 29, 2002, the subsidiary paid for the public telephone amounting to USD 8.7 million and recorded the said assets in the account "Public Telephone Equipment" since the subsidiary already received all the public telephone under the agreement (see note 15 to the financial statements).
- 14.3 As at June 30, 2002 the Company and a subsidiary company have had many car lease agreements, with lease terms of not more than 4 years and a combined monthly lease of Baht 5.62 million.
- The Company was contingently liable to the Revenue Department for tax audits for the years 1993 to 1998. According to the letters issued by the Revenue Department to inform the result of the audit dated June 29, 2000 and July 27, 2000, the Company was ordered to pay tax, penalty and surcharge for the Personal Withholding Tax for the year 1993 amounting to approximately Baht 0.3 million, the Corporate Income Tax for the year 1994 amounting to approximately Baht 91.2 million and the Specific Business Tax for the years 1994 to 1998 amounting to approximately Baht 78.5 million. However, the Company has appealed for the cancellation of the assessment of the Corporate Income Tax for the year 1994 and the Specific Business Tax for the years 1994 to 1998 and to waive penalty and/or surcharge from such assessments. The accompanying financial statements did not record the said tax, penalty and surcharge since the outcomes of the appeal are not known. However, the Company has incorporated this dispute into the rehabilitation proceeding including its counter claim for the Revenue Department to refund its Value Added Tax (VAT) regarding the downward adjustment in the value of assets transferred to TOT and the related delay interest. On January 25, 2001, the Official Receiver has issued such counter claim letter to the Revenue Department asking for payment including accrued interest to the Company in the aggregate amount of Baht 1,205 million. The Revenue Department then responded to the Official Receiver on February 12, 2001 to object solely on interest calculation method and the Company's right to receive interest. On March 1, 2001, the Revenue Department submitted the confirmation letter regarding VAT reimbursement of Baht 920 million to the Company. Such VAT amount has been transferred to the Company's bank account on April 26, 2001. For the dispute on interest calculation, the Company and the

Revenue Department have reached an agreement to solve this problem together and then reported the resolution to the Official Receiver on April 20, 2001. According to the agreement, the Revenue Department agreed to pay for the interest at the amount of Baht 73.6 million to the Company. The Company received such payment from the Revenue Department on June 28, 2001.

On July 30, 2001, the official from Seizure Department ordered the Company to pay the corporate income tax for the year 1994 amounting to approximately Baht 91.2 million and value added tax and the related penalty amounting to approximately Baht 22.6 million to the Revenue Department and waived the payment of Specific Business Tax for the year 1994 to 1998 amounting to approximately Baht 78.5 million. On September 21, 2001, the Revenue Department has objected the Seizure Official's order to the Central Bankruptcy Court in case of Specific Business Tax omission payment. However, the result has not yet presently been known. On October 4, 2001, the Company received the appeal judgment from the Appeal Committee of the Revenue Department dated September 11, 2001, which ordered the Company to pay corporate income tax, penalty, and surcharge amounting to approximately Baht 91.2 million and the Specific Business Tax, penalty, and surcharge amounting to approximately Baht 78.5 million. However, it has provided 50% discount on the penalty charges on Specific Business Tax so the remaining amount to be paid was approximately Baht 51.7 million. The Company is in the process of appealing to the Tax Court to object the judgment on the Specific Business Tax.

The Company had recorded the Specific Business Tax, together with a fine and a surcharge, totalling Baht 51.7 million and the Company had requested for a tax relief for which a letter of guarantee to the Revenue Department had been issued. The Tax Court had dismissed the appeal submitted by the company. The Company therefore reappealed to the Supreme Court on June 10, 2002. At present the result of the said appeal is not yet known.

NOTE 15 - OTHER

On March 26, 2002, the Company had novated the debt in relation to the Sale and Purchase by Installment Agreement of Public Phones from TT&T Value Added Service Co., Ltd. (a subsidiary company), at it's book value of Baht 108.3 million (approximately USD 2.4 million). The Company, on March 29, 2002, had received a transfer of all assets of this particular subsidiary at the book value of approximately Baht 575 million as per conditions stipulated in the agreement dated on the Business Transfer Date (March 29, 2002) and in complying with the Resolution of the Extraordinary Meeting of Shareholders on February 20, 2002 as well as the Resolution of Board of Directors Meeting on March 20, 2002.

NOTE 16 - RECLASSIFICATION OF ACCOUNTS

Certain accounts in the 2001 interim and annual financial statements have been reclassified to conform to the 2002 interim financial statement presentation.

NOTE 17 - SUBSEQUENT EVENT

The warrant holders have exercised the right to purchase the Company's common shares, amounting to 400 shares. The company had registered the increase of share capital with the Ministry of Commerce amounting to Baht 4,000 on July 8, 2002.
